

# PENREN this Week

April 28, 2003

The PAC will replace the existing 58-year-old Pentagon Athletic Facility with a 127,000-square-foot facility that meets membership fitness and readiness needs. The facility will be located at basement level underneath and adjacent to the Pentagon's Mall Terrace.

**Waterproof testing on the Mall Terrace.** Water is placed in this area for 24-36 hours to test the integrity of the waterproof membrane.

## Wedges 2-5 Renovation

Wedges 2 through 5 encompass the remaining 4.5 million square feet of Pentagon space to be renovated by 2010.

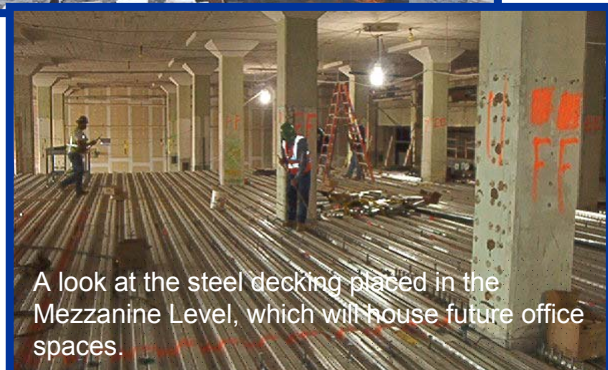

**NOTICE:** The Wedge 2 mock-up is closing this week so tenant fit-out construction may be completed in the area. Furniture installation has begun on floors 2-5. The first tenants will move into Wedge 2 in July 2003.

**In the area between the E & D rings, elevator deck work is underway.**

**Repair and patching of A-E Drive began on Saturday, April 26th.**

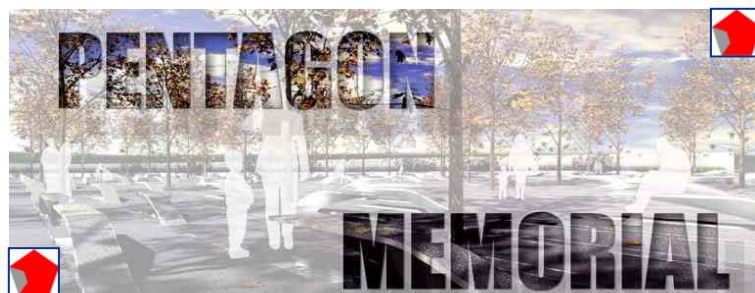

**Left:** Workers installing terrazzo floor in the A-ring, Corridor 5. **Right:** Dome installation in **Corridor 5**, located above the terrazzo star.

A look at the steel decking placed in the Mezzanine Level, which will house future office spaces.

Workers doing site cleanup in the 100-Foot Zone

The 3 finalists for the Pentagon Memorial Design-Build Project are: **Centex Lee LLC** of Fairfax, VA; **Clark/Ai Memorial Builders, Inc.** of Bethesda, MD; and **Grunley-Walsh** of Rockville, MD. **Final Contractor selection** is expected to happen in late **May 2003**.

The Family Steering Committee has placed a design-lock on the Pentagon Memorial conceptual design.
